Dr Georges Hashim  
The Council for Tobacco Research  
900 Third Avenue  
New York, N.Y. 10022

Dear Dr Hashim,

My laboratory focuses on biochemical and genetic studies of intracellular protein transport. I would like to apply for funding from the Council on Tobacco Research for our work on the mechanism of action of the fungal metabolite Brefeldin-A. Could you please send information relating to the application process at the address listed above.

Sincerely,

Paul Melançon  
Asst Professor of Chemistry  
and Biochemistry
